

## **IMPORTANT MESSAGE**

If you are attempting to locate the Coventry National Health Care client list (formerly known as the First Health Direct client list), please click here <http://www.coventrynational.com/framesetdef.asp?Community=Provider> and choose "Payor Guide".

Effective 1/1/07, Coventry Health Care integrated its multiple leased networks into one national network – the First Health Network.

First Health national account business will now market under the name Coventry Health Care, differentiating our directly administered business from our PPO network leased business.

For more detailed information about these network changes please log on to [www.coventrynational.com](http://www.coventrynational.com) and down to "Provider Information" at the bottom of the page.
