## Insurance Card Samples

### For The First Health® Networks

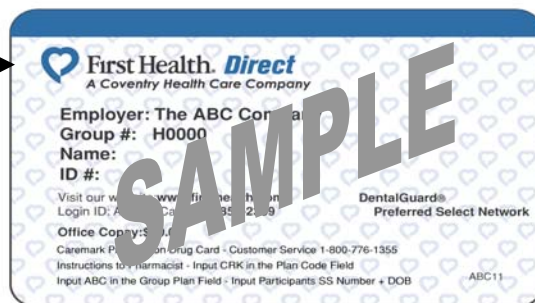

---

- These brand names reflect our different customer base•

### First Health *Direct*

This network consists of customers that First Health prices claims for and may actually adjudicate the claim. You can identify members of a health plan that use the First Health Direct by the ID card.

The card looks like this

Many of the members using the *Direct* network may continue to use their older ID cards. The ID card they show you will look like the card below.
